

## Roller Shades

Iconic patterns, intricate weaves, timeless designs. Bring large-scale, custom art to guestrooms and public spaces with easy to operate and energy-efficient shades.

With full motorization and automated controls, you can easily minimize outside temperature, light and noise while creating depth and dimension to any room.

## Sheers

Create an inviting oasis of soft, natural light while maintaining privacy. We offer 1% to 10% openness for your distinct light control requirements.

## Blackouts

Perfect for bedrooms and media rooms, our blackout shades obliterate light leaks and offer you complete darkness from morning to night.

# CUSTOM PRINTS

Blend art into your favorite material.

Create custom prints on your roller shades. We print in-house and never outsource. This means faster turnaround times, better pricing, and consistent, quality prints for you.

## HOW IT WORKS:

1

Send us your design  
(or inspiration)

2

Select your material

3

Request a sample  
with your quote

## FAQs

### 01 What material can be printed on?

We can print on sheer, vinyl and blackout materials.

### 02 Are your inks safe and certified?

Our LED inks are UL Greenguard Gold certified, which means it's scientifically proven to have low chemical emissions (virtually no volatile organic compounds or VOL). It does not contain heavy metals or greenhouse gasses and is safe for children's rooms, educational and healthcare settings.

### 03 What do you need to print my design? Are there limitations?

Image or vector files can be in Photoshop (PSD), JPEG, TIFF, EPS or PDF with optimally 300DPI. When designing continuous patterns, they should be put into a repeat. We will only print designs that you have the copyright of or license to print. We'll have you sign an Indemnity Agreement which states you have the rights to your design and indemnifies us against any claims.

Ask about our in-house design services for custom artwork.

### 04 What's the minimum order?

None! We can print just a few pieces, say, for a lobby, or hundreds of pieces for the guest rooms.
